Employment Consultant | Client-Focused Professional | Problem Solver

I'm someone who enjoys helping people find real solutions—whether it's designing equipment to improve someone's independence or supporting them to take the next step toward employment. I've worked closely with people from all walks of life, especially those with disabilities, and I take pride in being easy to talk to and dependable. I've got hands-on experience with training, support work, and technical problem-solving, and I'm looking to bring those skills into a role where I can keep making a difference in people's lives.

PROFESSIONAL SKILLS

1. **Client Engagement & Support**: Proven ability to build rapport with clients, understand barriers to employment, and co-develop support plans that drive positive outcomes.
2. **Community Collaboration**: Active participant in cross-functional teams and research groups supporting individuals with disabilities and complex needs.
3. **Training & Facilitation**: Experience delivering hands-on training and technology onboarding sessions for assistive devices and accessibility tools.
4. **Barrier Management**: Skilled in recognising individual challenges and devising practical strategies and tools to overcome them.
5. **Documentation & Compliance**: Well-versed in case management reporting, risk assessment, safety documentation, and formal communication.
6. **Employment Services Transferability**: Hands-on industry experience in mentoring, project work, problem-solving, and working with people with disability.

AWARDS & RECOGNITIONS

- **CTQ Excellence Despite Adversity Award |** 2016
  Recognized for overcoming challenges and demonstrating outstanding perseverance and dedication.
- **Griffith College Academic Excellence Award |** 2017
  Honored for outstanding academic performance during the Diploma of Engineering Studies at Griffith College.

EXTRACURRICULAR & RESEARCH ACTIVITIES

- **Guest Lecturer, University of Queensland |** 2019–Present
  Delivered annual lectures on co-design in the health and disability sector, educating students on innovative approaches to inclusive design and engineering.
- **Queensland Cyclones Wheelchair Rugby Team Member |** 2017–2021
  Represented Queensland in wheelchair rugby competitions, achieving gold at the

2019 Australian Championships. Contributed as a team player and leader, exemplifying discipline and collaboration.

- **BioSpine Project Researcher |** 2022–2024
  Contributed to cutting-edge research on spinal cord injuries as part of the BioSpine project, focusing on technological advancements and engineering solutions for rehabilitation and recovery.

WORK EXPERIENCE (the following is not my complete work history but shows my experience)

Habitec – Brisbane, QLD | Consultant | Jul 2020 – Present

- Collaborated with a multidisciplinary team to deliver tailored solutions that empowered individuals with disabilities to enhance their independence and actively participate in the community.
- Conducted comprehensive training sessions on specialised equipment and assistive software, facilitating greater accessibility to technology for end-users.
- Designed, adapted, and manufactured custom assistive devices, addressing unique needs and improving quality of life for individuals within the community.

Select Plant Hire – Miles, QLD | Crane Operator | Aug 2013 – Feb 2015

- Demonstrated exceptional competence by successfully completing over 1,500 lifts, maintaining an impeccable safety record with zero incidents, and consistently adhering to stringent safety protocols.
- Facilitated effective communication and collaboration with cross-functional teams and stakeholders during complex multi-crane lifts, ensuring precision and safety in high-pressure environments.
- Assumed a critical role in the development and management of lift studies and safe work method statements, further enhancing the company's commitment to safety and operational excellence.

NQ Group Heavy Haulage & Cranes - Brisbane, QLD | Crane Operator | Feb 2012 – Aug 2013

- Demonstrated exceptional expertise while operating cranes within the all-terrain fleet, specializing in heavy lifting, transportation, and assembly, particularly in collaboration with Hastings Deering under a specialized contract.
- Accumulated extensive experience in executing heavy and intricate multi-crane lifts, consistently exceeding performance expectations while prioritizing safety through meticulous adherence to lift studies and proper lifting and rigging techniques.
- Established a reputation as a highly skilled professional in the assembly and disassembly of heavy machinery and plant equipment, contributing significantly to the efficiency and reliability of operations.

Superior Stainless - Gold Coast, QLD |Fabricator/Welder | June 2009 – Oct 2011

- Led specialised fabrication projects, showcasing expertise in working with various metals, including stainless steel, mild steel, and aluminum, with a focus on medium to light sheet metal processing.

- Demonstrated exceptional accuracy in reading, interpreting, and problem-solving complex shop drawings, ensuring precise execution of fabrication tasks and adherence to project specifications.
- Actively contributed to team success by providing valuable support to colleagues within the Fabrication Department, enhancing overall workflow efficiency and fostering a collaborative work environment.

Swift Marine - Gold Coast, QLD | Apprentice Sheet Metal Fabrication | Aug 2004 – Aug 2008

- Completed a comprehensive Sheet Metal Fabrication Apprenticeship with Swift Marine, gaining hands-on experience and expertise in the trade.
- Thrived in a dynamic team environment, adapting to varying work cultures and consistently contributing to collaborative efforts.
- Exhibited a strong commitment to discipline, consistently following instructions meticulously, and adhering to all Occupational Health & Safety (OH&S) protocols and legislations, ensuring a safe and compliant work environment.

EDUCATION

Tafe - *Southport, Queensland*
Introduction to CNC, 2023

Griffith University - *Southport, Queensland*
Bachelor of Mechanical Engineering with honours, 2023

Tafe - *Southport, Queensland*
Certificate III in Engineering Fabrication, 2007

Palm Beach Currumbin High School – *Palm Beach, Queensland*
Queensland Certificate of Education, 2002
